Warren's athletic director, Shawn Teske writes the following regarding Coach DeSecki"

"Vince is always very calm under pressure and gets along with everybody. He has a great competitive drive that he has been able to pass onto his players. Vince has always been willing to keep a large roster both on the varsity and frosh/soph teams to give more students a chance to be a part of the sport of tennis. He has always been able to get the most out of his talent and this year he truly had the girls believing that they could do great things."

"Never in the history of both our boys and girls programs; have all six state qualifiers earned all-state honors. After a great showing at the conference and sectional meets, Vince had these girls believe they could be successful at the state meet and they were. The 7<sup>th</sup> place finish at state was also the highest finish by our girls program. Vince's teams have also have had the highest percentage of North Suburban Conference All-Academic recipients at the school and this year was not different. Better than 75% of the team earned this honor."
